

SoloEnergyTM

Portable, whole-home solar solutions

The Solo Pack

The Solo Pack is a complete solar system that includes solar panels, batteries, and other electronic components necessary to generate solar electricity. It is designed to provide affordable power for individuals using kerosene for lighting.

Why choose the Solo Pack?

Powers mobile phones, lights, and other personal electronic devices.

Rugged, easy to carry and deploy.

No risk of burns or harmful emissions.

More affordable than kerosene.

What's Included

- 30 watt PV solar panel
- 12 volt, 12 amp-hour sealed lead acid battery
- Solar charge controller
- AC/DC inverter
- Protective case

Price:
500 U.S. Dollars

Performance

"4 - 4 - 4" Rule

Charges **4** mobile phones
Powers **4** light bulbs for **4** hours

Each day

Device	Power (Watts)	Number of Devices	Average Time Used (hours)	Daily Energy Demand (Watt-hours)	Maximum Work Time (hours)
LED Lightbulb	3	4	4	48	12
Mobile Phone	4	4	1	16	9
Stereo	30	1	2	60	4
Laptop	50	1	1	50	3
LCD TV	150	1	1	150	1
