Visual Identity Guide UCSB Bren School

Effective July 2020

This is the Bren School's "lockup" which is a version of the UCSB logo that includes our school's name. It may be referred to as the "Bren logo" informally. Please use original files. Do not reproduce, change proportions, or skew logo.

Alternate color versions of the lockup may be used when a single color is needed, such as printing merchandise, black/white designs, or as needed. The original 2-color lockup should be used primarily, as much as possible.

This color is unique to Bren's lockup (logo) and doesn't appear on the website.

Web Colors (RGB)

These are the RGB colors used on the Bren website: bren.ucsb.edu. Whenever possible, they should be used as a color palette on faculty websites, lab/group websites, and other official Bren affiliations. Note: Colors present differently from browser to browser.

Print Colors (CMYK)

These are nearly the same colors in the web palette, but CMYK values for print. Also assume that pure black and white may also be used in print.

Typography
